

Best Practice -1

- a) **Title of the Practice** – Shifting of College Library to New Building.
- b) **Goal** – To provide more space for books and readers.
- c) **The Context** – Due to increase in number of books and journals, it became necessary to shift the library to a more spacious place.
- d) **The Practice** – With the help of Librarians and ‘Movers & Packers’ all the books and journals along with the furnitures were placed carefully to new building and rearranged all the things within a very short span of time.
- e) **Evidences of Success** -The sufficient spaces for the book-racks made it possible to arrange the books in proper way and library has become very much airy.
- f) **Problems encountered and resources required** – Lack of man power is the only problem to maintain such a huge library.

Best Practice -2

- a) **Title of the Practice:** Student vaccination.
- b) **Goal:** As part of the social accountability, the college has organized Covid Vaccination Camp for students.
- c) **Context:** To make students immune from the Covid 19 virus.
- d) **Practice:** In association with the CMOH, Hooghly district and the assistance received from the SDO office, the college has organized vaccination camp on 07.10.2021.
- e) **Evidence of Success:** More than 350 students have taken either first dose or second dose vaccine.
- f) **Problems encountered and Resources required:** Many students have denied to take vaccine despite orientation programmes organized by the faculty. In terms of the resources required the CMOH and SDO Office has given assistance.
